Caremark

Guildford & Woking

Both Samantha and myself have had parents who needed home care. Having experienced this ourselves, we truly understand the importance of outstanding care. It's our own experiences that underpin our values and high standards.

These values and high standards are key to everything we do from recruiting the right Care Assistants and their training, through to the care and support

But it's not just our customers that we are passionate about. Our team undertake lots of charity work to help our communities. We volunteer at food banks, local churches and the Samaritans. Our Care Manager Sarah fosters dogs and volunteers at her local hospice. Plus we are active fund raisers for charities like the Alzheimer's Society.

Our doors are always open so why not pop into our office for a coffee and chat.
